

# MOSQUITOES!

*Culex pipiens*

*Aedes albopictus*

Keep yourself and your family safe this summer from West Nile Virus by protecting yourself during outdoor activities.

Wear light-colored long-sleeved shirt and long pants.

Wear EPA registered insect repellent.

Be sure to remove any standing water that can breed mosquitoes on your property. Check containers that can hold water like toys, tires, tarps, and unused kiddie pools.

For more information, check out the DEP West Nile Virus Control Program website
