Fruit Trees - Sold Individually

Apple-CrimsonCrisp®

Age/Size: 2-yr Budded VF
Medium size with crimson red color. Very firm, crisp texture with a tart, complex flavor. Matures mid-season. Fruit will keep in cold storage for 6 months. Scab resistant. (Must be planted next to other apples for pollination).

Apple-Mosaic™

Age/Size: 2-yr Budded
Medium size can be picked while green or can hang and be picked solid yellow. Produces high yields, and it stores well. Scab resistant. (Must be planted next to other apples for pollination).

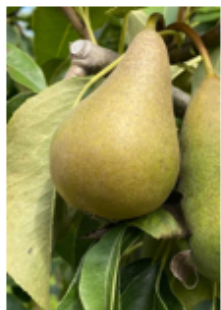

Peach-Contender

Age/Size: 2-yr Budded
A high-quality, freestone variety ripening in the Loring season. Fruit is very firm and large with excellent color. The trees are hardy and very productive. Yellow flesh.

Cherry-Stardust™

Age/Size: 2-yr Budded VF
Orange flushed, firm creamy-white flesh, excellent flavor, self-fertile, ripening month mid-July.

Pear-Harrow Sweet

Age/Size: 2-yr Budded
A late-season pear ripens approx. 3 weeks after Bartlett. Good resistance to fire blight. The fruit size and appearance are similar to that of Bartlett; it does develop an attractive blush. (Must be planted next to other pears for pollination).

Pear-Shenandoah

Age/Size: 2-yr Budded VF
Rich-tasting fruit with snappy flavor that mellows nicely in storage. Large pear that boasts an appealing taste and texture, and it stores well. Matures in September. (Must be planted next to other pears for pollination)
