

Prevent Mosquito Bites

Protect yourself and your family from mosquito bites

Use Insect Repellent

Use Environmental Protection Agency (EPA) registered insect repellents with one of the active ingredients below. When used as directed, EPA-registered insect repellents are proven safe and effective, even for pregnant and breastfeeding women.

- DEET
- Picaridin (known as KBR 3023 and icaridin outside the US)
- IR3535
- Oil of lemon eucalyptus (OLE)
- Para-menthane-diol (PMD)
- 2-undecanone

Courtesy of CDC

Some repellents will offer a repellency awareness graphic which identifies the type of pest it is expected to repel and the amount of time the repellent is effective.
